Worked Examples

Example 1: Find and correct the error: 'The dog chased it's tail around the garden.'

Answer: 'it's' should be 'its' — 'its' is the possessive form; 'it's' is short for 'it is', which doesn't make sense here.

Example 2: Find and correct the error: 'Me and my brother went to the park.'

Answer: 'Me and my brother' should be 'My brother and I' — use the subject pronoun 'I', with convention placing it after naming the other person.

Example 3: Find and correct the error: 'She didnt want to go to the party.'

Answer: 'didnt' should be 'didn't' — the apostrophe is missing from the contraction.
