Sign Codes & Matching Codes to Words

Year 4 · Supplementary Worksheet — extra practice & worked breakdowns

Worked Examples

Example 1 — Decoding a short word: Using the code G=@ H=# O=+, decode: # + @

Answer: Match each symbol back to its letter using the key: # + @ spells HOG.

Example 2 — Encoding a word: Using the code G=@ L=% O=+, write 'LOG' in code.

Answer: Match each letter to its symbol using the key: LOG in code is % + @.

Example 3 — A longer word: Using the code M=& N=* O=+, decode: & + + *

Answer: Match each symbol back to its letter in order: & + + * spells MOON.

Example 4 — Multiple choice decoding: Using the code G=@ I=$ N=* R=?, which option correctly spells 'GRIN'? A) @ ? $ * B) @ ? $ & C) * $? @ D) ? $ *

Answer: A — @ ? $ * (match each symbol in order back to its letter).

Example 5 — Spotting a repeated letter: Using the code L=% O=+ P=;, decode: ; + + %

Answer: Notice the repeated letter O appears as the same symbol twice. Matching each symbol back to its letter: ; + + % spells POOL.

Foundation

(15 questions)

1. Using the code G=@ H=# O=+, decode: # + @
2. Using the code H=# I=$ P=;, decode: # $;
3. Using the code I=$ N=* P=;, decode: ; $ *
4. Using the code I=$ L=% P=;, decode: % $;
5. Using the code G=@ L=% O=+, decode: % + @
6. Using the code L=% M=& O=+, decode: % + + &
7. Using the code L=% N=* O=+, decode: % + + *

8. Using the code H=# O=+ P=;, decode: # + + ;
9. Using the code M=& N=* O=+, decode: & + + *
10. Using the code H=# N=* O=+ R=?, decode: # + ? *
11. Using the code G=@ I=$ N=* R=?, decode: @ ? $ *
12. Using the code G=@ I=$ M=& R=?, decode: @ ? $ &
13. Using the code I=$ M=& P=; R=?, decode: ; ? $ &
14. Using the code M=& O=+ P=; R=?, decode: ; ? + &
15. Using the code M=& O=+ R=?, decode: ? + + &

Standard

(20 questions)

1. Using the code G=@ H=# O=+, write 'HOG' in code.
2. Using the code H=# I=$ P=;, write 'HIP' in code.
3. Using the code I=$ N=* P=;, write 'PIN' in code.
4. Using the code I=$ L=% P=;, write 'LIP' in code.
5. Using the code G=@ L=% O=+, write 'LOG' in code.
6. Using the code L=% M=& O=+, write 'LOOM' in code.
7. Using the code L=% N=* O=+, write 'LOON' in code.
8. Using the code H=# O=+ P=;, write 'HOOP' in code.
9. Using the code M=& N=* O=+, write 'MOON' in code.
10. Using the code H=# N=* O=+ R=?, write 'HORN' in code.
11. Using the code G=@ I=$ N=* R=?, write 'GRIN' in code.
12. Using the code G=@ I=$ M=& R=?, write 'GRIM' in code.
13. Using the code I=$ M=& P=; R=?, write 'PRIM' in code.
14. Using the code M=& O=+ P=; R=?, write 'PROM' in code.
15. Using the code M=& O=+ R=?, write 'ROOM' in code.
16. Using the code H=# I=$ L=%, write 'HILL' in code.
17. Using the code I=$ L=% M=&, write 'MILL' in code.
18. Using the code L=% O=+ P=;, write 'POLL' in code.
19. Using the code L=% O=+ P=;, write 'POOL' in code.
20. Using the code L=% O=+ P=;, write 'PLOP' in code.
