07. Make a Word

Year 4 · **Supplementary Worksheet** — extra practice & worked breakdowns

Worked Examples

Example 1 — Joining letters from two words:

Take the last 3 letters of CARAMEL and the first 2 letters of ONWARD. Put them together (in that order) to spell a new, different real word. What is it?

Answer: **MELON** — 'MEL' (from CARAMEL) + 'ON' (from ONWARD).

Example 2 — Simple anagram:

These letters can be rearranged, using ALL of them exactly once, to spell one real English word: O, D, G. What is the word?

Answer: **DOG**.

Example 3 — Multiple-choice, joining letters:

Take the last 3 letters of SAUCEPAN and the first 2 letters of DAMAGE, in that order. Which word do they spell? A) PANDA B) PANDAS C) DAPAN D) PANAD

Answer: SAUCEPAN ends in PAN, and DAMAGE begins with DA, so PAN + DA = **A) PANDA**. The other options are not real words.

Example 4 — Multiple-choice anagram:

These letters can be rearranged, using ALL of them exactly once, to spell one real English word: G, I, R, L. Which word is it? A) GIRL B) GRIL C) LIRG D) RIGL

Answer: G, I, R and L rearrange to spell GIRL. Answer: **A) GIRL**. The other options are not real words.

Example 5 — Select-all anagram:

Which of these words can be made by rearranging ALL of these letters, and no others: P, O, T? Select ALL that apply. A) TOP B) POT C) OPT D) TOPS

Answer: TOP, POT and OPT (A, B and C) all use exactly the letters P, O and T. TOPS (D) has an extra letter, S, so it is the wrong length and does not count. Answer: **A, B and C**.
