14. Reading for Information

Year 4 · Mark Scheme — Supplementary Worksheet

Foundation — Answers

1. Priya (the order is Mia, Noah, Omar, Priya)

2. Turtle (the order from youngest to oldest is guinea pig, cat, gerbil, turtle)

3. 8:45 (8:00 + 20 + 15 + 10 minutes = 8:45)

4. Max (the order from tallest to shortest is Noah, Leo, Max)

5. Open (Wednesday hours are 11am to 1pm, and 12:30pm falls within that time)

6. B — 5:00pm (3:30pm + 1 hour 30 minutes)

7. Grace (Grace is 8 + 3 = 11, which is older than Freya's 10)

8. 45p (buns 40p → cookies 40p+15p=55p → muffins 55p−10p=45p)

9. C and D (Shop Y is open on weekends, which includes Sunday; Shop Z is open Tuesday, Thursday and Sunday. Shop X is open every day EXCEPT Sunday, so it is not open on Sunday)

10. Noah

11. D — 4th (Cara is 1st, Ben is 2nd, Dev is 3rd, Ella is 4th)

12. 11:30 (the 9:15 train takes 50 minutes, so the 10:40 train arrives at 10:40 + 50 minutes = 11:30)

13. £17 (Dan £15 → Ella £15+£6=£21 → Faye £21−£4=£17)

14. C — 4:00pm (this falls between the 10am–1pm and the 6pm–9pm sessions, so the library is closed)

15. 4th (Ben 1st, Cara 2nd, Dev 3rd, Ella 4th)

Standard — Answers

16. Eva, Bea, Cal, Dee, Fay (Eva > Bea > Cal > Dee > Fay)

17. £17 (lucky dip £30 → face-paint £30+£14=£44 → raffle £44÷2=£22 → tombola £22−£5=£17)

18. D — 12:45pm (the group arrives at 9:00am+2h=11:00am, and leaves at 11:00am+1h45m=12:45pm)

19. Quin (Nina 2.8m, Omar 3.3m, Priti 3.1m, Quin 3.7m)

20. £13 (box sets £12 → paperbacks £12−£2=£10 → hardbacks £10+£3=£13)

21. C — 76 (Leo 72, Mina 72+6=78, Nia 78−4=74, Omar (78+74)÷2=76)

22. A, C, D and E (Hana > Ewan > Finn > Gia throughout, so Hana is fastest, Gia is slowest, and every transitive comparison among them holds; only B, which claims Finn is faster than Hana, contradicts this)

23. 45 minutes (the YELLOW van takes 1 hour 5 minutes = 65 minutes, so the BLUE van takes 65−20=45 minutes)

24. 14 (Tom 3 → Sana 3×3=9 → Ravi 9+5=14)

25. D — £2.60 (the late fee is 4×15p=60p, plus the existing £2 fee, giving £2.60 in total)

26. 86 seconds (Team Y 88s → Team X 88−6=82s → Team Z 82+4=86s)

27. £18 (the jacket's reduction is £8 out of £32, which is 25%; 25% of £24 is £6, so the trousers' sale price is £24−£6=£18)

28. C — 10:11 (09:05, 09:27, 09:49, 10:11 — each 22 minutes after the last)

29. 110 minutes, or 1 hour 50 minutes (small 40 → medium 40+15=55 → large 55×2=110)

30. B, C and E (Faye £5, Gus £5+£3=£8, Hana £8, Ivan £8−£2=£6, Jade £6+£5=£11; only Gus, Hana and Jade are above £7)

31. D — 11:45am (Session 1 ends at 10:00am+50m=10:50am; Session 2 starts at 10:50am+15m=11:05am and ends at 11:05am+40m=11:45am)

32. 7 (Quon is in position 12, so Priti is in position 12−2=10, so Owen is in position 10−3=7)

33. C — 17kg (Box B 3kg, Box A 3+2=5kg, Box C 3×3=9kg; total 3+5+9=17kg)

34. 26m (Omar 22m → Noah 22−1=21m → Mia 21+3=24m → Leo 24+2=26m)

35. C — £340 (25 students × £12 = £300, plus the £40 coach fee, giving £340 in total)

Hard — Answers

36. Omar, Leo, Mia, Noah, Priya (Omar > Leo > Mia > Noah > Priya)

37. Ivy (Ivy arrives before Faye, and Faye arrives before both Gus and Harry, so Ivy must arrive before everyone else)

38. D — 11:20am (Session 1 ends at 9:30am+55m=10:25am; Session 2 starts at 10:25am+20m=10:45am and ends at 10:45am+35m=11:20am)

39. A and C (the order must be Z < W < X < Y, so Bus Z leaves before Bus X (A, true) and Bus W leaves before Bus Y (C, true); B and D both reverse the true order, so they are false)

40. 12 (Noah is in position 18, so Maya is in position 18−2=16, so Liam is in position 16−4=12)
