The Deepest Place on Earth

Year 4 — 11+ Mark Scheme (PassFrame Tuition)

Comprehension · Mark Scheme

For tutor use. Accept any well-reasoned answer supported by evidence from the extract, even if it differs from the wording below.

Lesson Worksheet — Answers

1. The Mariana Trench.

2. Almost eleven kilometres.

3. “This is the Mariana Trench, and at its deepest point… sunlight has never once reached it.”

4. “imagine stacking Mount Everest… on top of itself inside the trench.”

5. That the pressure is extremely great or remarkable.

6. True.

7. Accept reasoned answers, e.g. it helps readers picture a depth that's otherwise hard to imagine using numbers alone.

8. A shrimp-like animal and microscopic organisms.

9. Accept reasoned answers, e.g. because submarines strong enough to survive the pressure are rare and difficult to build.

10. That we know very little about the trench, just as we know little about the Moon's surface.

11. Accept reasoned answers, e.g. to emphasise how mysterious and unexplored the trench still is.

12. Accept a reasoned opinion with evidence from the text.

Homework Worksheet — Answers

1. The Pacific Ocean.

2. More than a thousand times greater.

3. “there would still be more than two kilometres of water left above its peak.”

4. “They were wrong.”

5. That the creatures live and grow successfully there, not just survive.

6. Correct order: the trench is introduced by name → the depth is compared to Mount Everest → strange creatures are discovered → submarines are described.

7. Accept reasoned answers, e.g. it makes an abstract number concrete and easier to picture.

8. A specially built submarine.

9. Accept reasoned answers, e.g. the pressure is far greater than the human body is built to withstand.

10. That the trench is largely unknown and unexplored.

11. “microscopic.”

12. Accept any reasoned personal opinion.
