Lesson Worksheet — Answers

1. 2nd September 1666.

2. In a baker's shop on Pudding Lane.

3. “most houses were built from wood and covered in tar, which caught alight easily.”

4. “the heat was so intense that its roof eventually melted and collapsed.”

5. That the fire burned violently and out of control.

6. False — the true number may never be known for certain.

7. Accept reasoned answers, e.g. it carried sparks quickly between the closely packed wooden buildings.

8. Over 13,000.

9. After the fire, buildings were made from brick and stone instead of wood, and streets were made wider.

10. That people felt powerless as they watched their homes destroyed.

11. Accept reasoned answers, e.g. to show the true scale of the disaster.

12. Accept a reasoned opinion with evidence from the text.

Homework Worksheet — Answers

1. A baker's shop.

2. Four days.

3. “some escaping onto the River Thames in rowing boats.”

4. “The architect Christopher Wren designed a new St Paul's Cathedral…”

5. That the fire could not be controlled or put out.

6. Correct order: a small fire starts on Pudding Lane → the fire spreads across the city → St Paul's Cathedral's roof collapses → London is rebuilt with brick and stone.

7. Accept reasoned answers, e.g. fire could leap easily between buildings that were close together.

8. Wood, covered in tar.

9. Accept reasoned answers, e.g. records from the time were incomplete or inaccurate.

10. That people recognised the dangers of wooden buildings and made changes to prevent future disasters.

11. “intense.”

12. Accept any reasoned personal opinion with a clear explanation.
