TUITION

Mary Anning: Fossil Hunter

Year 4 — 11+ Mark Scheme (PassFrame Tuition)

Comprehension · Mark Scheme

For tutor use. Accept any well-reasoned answer supported by evidence from the extract, even if it differs from the wording below.

Lesson Worksheet — Answers

1. Lyme Regis, in 1799.

2. Collected and sold “curiosities” (fossils) that washed out of the cliffs.

3. “these ‘curiosities’ were actually fossils — the remains of creatures that had lived millions of years earlier.”

4. “she made a discovery that would change the course of science: the complete skeleton of an ichthyosaur…”

5. That her talent for finding fossils was unusually great.

6. False — women were not allowed to join.

7. Accept reasoned answers, e.g. women were not taken seriously in science at the time.

8. An ichthyosaur.

9. Accept reasoned answers, e.g. her discoveries helped scientists understand prehistoric creatures for the first time.

10. That she is now properly respected and valued, unlike during her own lifetime.

11. Accept reasoned answers, e.g. to help readers picture how strange and unfamiliar the creature was.

12. Accept a reasoned opinion with evidence from the text.

Homework Worksheet — Answers

1. They often revealed fossils after storms.

2. “Curiosities.”

3. “Her family was poor…”

4. “Women were not allowed to join the Geological Society at the time…”

5. That her discoveries were impressive and worth noting.

6. Correct order: Mary's family sells fossils to earn money → Mary finds the ichthyosaur skeleton → male scientists take credit for Mary's finds → Mary is recognised as an important historical figure.

7. Accept reasoned answers, e.g. it shows why so many fossils could be found there, setting up Mary's story.

8. Twelve.

9. Accept reasoned answers, e.g. because of unfair attitudes towards women in science at the time.

10. That her discoveries remain scientifically valuable even centuries later.

11. “curiosities.”

12. Accept any reasoned personal opinion.
